An IMMENSE CASTING .- An iron drum weigh ing nearly nine tons, twelve feet in diameter, eight feet high, and an average of one and three-eighths inches thick, was cast on Saturday last, at the foundry of Freeman Wood, esq., in Rockaway.

FOREIGN TRADE OF THE SOUTH .- The move ment to secure a direct trade between Amster-dam and Mobile is beginning to assume a defi-nite shape. Mr. Baylor, U. S. Consul at the former place, is the European agent, and Messrs. Harrison and Robinson are organizing the matter in Mobile.

The South and the whole country will owe Mr. Baylor many thanks for his able and faithful prosecution of this subject. Railroads through the Southern States, and merchant ships from their harbors, will, within a few years, work wonders for the South.

GAUTIER'S HERB CANDY. For Coughs, Colds, Bronchitis, Asthma, etc. For Coughs, Colds, Bronchitis, Asthma, etc.

THIS INVALUABLE CANDY has the extraordinary property of immediately relieving coughs, colds, hearseness, difficulty of breathing, bronchitis, authma, and huskiness of the throat. It operates by dissolving the congealed phlegm, consequently can-ing a free expectoration. Those who are troubled with that unpleasant tickling in the throat, which deprives them of rest night after night, by the incessant cough which it provokes, will, by using this Candy, find immediate relief.

The subscriber, in presenting this Candy to public notice, wishes to be expressly understood that he does not claim for it any miroculous curing properties, nor does no present it with a long string of certificates of recommendation, as he considers these altogether needlers.

This Candy is composed of six simple impediants, princepally of herbs, which are known to be very efficacious in the cure of diseases resulting from colds, and some of which, being rather nauseous in their natural state, would deter many from resorting to them; but, when made into a candy, become palatable, without losing any of their valuable properties.

It has been prepared at the suggestion of one of our most eminent physicians, and has been used by many of his and my personal friends with signal success, and at whose carnest solicitation I have been induced to enter largely into its manufacture, assured by him and them that when generally known and tried it will supersede all the various cough candies and mixtures now in use.

As for myself, I am confident, from the ingredients of which it is composed, that, should it not effect an entire cure, it can do no injury even to the most delicate in health, and therefore have no hesitancy in introducing it to the citizens of Washington and vicinity.

WONDERFUL DISCOVERY!

All must admit there rever has been given such a mass of genuine testimony in fuver of any other medicine. Other it a trial? It cures when all other remedics have failed. Overter weight of testimony cannot be given—From the first men in this country.

BALTIMORE Sept. 18, 1851.

Валлиони, Sept. 18, 1851, GENTLEMEN; After a full and satisfactory trial of the Gentlemen: After a full and satisfactory trial of the medicine prepared by you, and very generally known as Dr. Hampion's Vegetable Tincture, which you recommended me to use as a relief for the debility and general prostration of my system, the result of taking three bottles of this wonderful compound has, I am pleased to say, resulted in a restoration of strength, a keen appetite, and an activity of body which I have not enjoyed for a long time. So satisfied am I of the virtues of this medicine, that I have confluently recommended it to many of my friends and acquaintances, and am happy to learn that in a great majority of cases the nost beneficial results have stamped the injulibility of the Tincture. In my own case, I am satisfied that your allyies to me to give it a trial has, under the blessing of a kind Providence, resulted in a restoration to health, for which I am truly thankful.

Respectfully, JOS. K. STAPLETON, 195 W. Baltimore street.

SUCH'A MASS OF HOME TESTIMONY MUST CARRY CONVICTION TO EVERY MIND.

BAILTMONE, Sep. 18, 1851.

Mesers. Mortimer & Mowbray—Gentlemen: The cure of Mr. Robert Gault, by the use of three bottles of Hampton's Vegetable Tincture, as per his certificate, is, I think, almost unpracedented. His case of extremely extructating guiffering, from Chronie Inflammatory Rheumatism, came immediately under my own observation, through the last four years, which I considered entirely hopeless. Through my earnest persuasion, he was induced to try your invaluable Tincture. I was prompted to remark at the time, that if nachiene would cure Mr. Gault, it certainly would "remove mountains." The knowledge of this miraculous cure compels me to consider it a duty I owe to the afflicted (and particularly to those with complaints like his) to (and particularly to those with complaints like his) to make generally known the healing power of this truly wonderful medicine. Yours, most respectfully, JAMES P. MERRITT, LET Bellioner street.

CIR: After consulting many persons interested in the principal Railroads in the United States, the undersigned propose to establish agencies in this city and in New York, for the purpose of collecting full and authentic Railroad statistics and such other information as will enable them to serve persons destring to invest in Railroad securities, or to procure information of any matters connected with the construction and administration of Railroads. They also propose, especially, to urge upon Congress a modification of the laws relating to contracts for carrying the mail, so as to authorise the Post office Department to contract for the perpetual use of Railroads, and, instead of paying, as now, quarterly on contracts for four years, to advance in five per cent, bends of the United States, chargeable upon the revenues of the Post office Department, an amount, the interest upon which at 6 per cent, would equal the payments now made.

The Government now pays \$3.0 per mills for carrying the mail on first-class Railroads. This is 6 per cent on \$5.000. The undersigned would urge that, instead of paying \$5.00 a mile, per anound, the Department should deliver, on a contract in perpetuity, five \$4,000 bonds, bearing an interest of five per centum. At this rate the charge upon the Department would be reduced from \$500 a mile, per anound, and the \$200 a nile saved
